ABOUT ARTICOLO

With showrooms in Melbourne, Australia, and New York City, Artico Studio is a reflection of founder and creative director Nicci Kavals' passion for producing contemporary furniture and lighting of sophistication, international appeal and outstanding quality.

Approaching design with meticulous care – bearing functionality and an enduring aesthetic equally in mind, and intent on dissolving the boundaries between design, art and architecture. Our collection is founded in a commitment to artisanal workmanship; working closely with master artisans around the world, and nurture a profound regard for their skills. Each of our pieces embodies their expertise, displaying the inherently appealing nuances of natural materials. Artico Home sets the tone with artisanal excellence and enduring materiality including bronze, Italian veneers, Italian leathers, and hand dyed straw marquetry.

SHOWROOM, NEW YORK, UNITED STATES

NICCI KAVALS

NICCI KAVALS

Raised within a highly creative family and immersed in the design world from the earliest stages of her career, Nicci Kavals established Artico Studios in 2010. The studio is the culmination of many years' international experience in food styling and interior and product design, during which Nicci became increasingly fascinated by the ephemeral qualities of light, and intent on creating artisanal lighting of enduring aesthetic appeal and uncompromising functionality. As her designs evolve, several constants remain – an organic, intuitive design process, a profound respect for the unique beauty of hand-worked natural materials, and partnerships with master practitioners who are integral to the meticulous crafting of the Artico Studios range.

ARTICOLO HOME FURNITURE SMALLS

Articolo Home is a true celebration of Founder and Director Nicci Kavals' love of Belgian architecture and Italian classicism, together with her respect for contemporary minimalism. Her influences are steeped in European history, yet she cleverly dials the atelier mood to tap into people's desire for quiet luxury pieces within the home and create modern and practical chic for the everyday.

In creating her first furniture smalls collection, Kavals found pure joy in juxtaposing texture and tactility with each piece, accented by Articolo Home's use of metal, wood, leather and stone. There are earthed hues of latte, olive, burgundy and camel that allude to the eternal palette used by sophisticated heritage fashion houses in Europe.

CUFF

Echoing mid-century modernism, the Cuff Collection employs hollow cylinders as the foundation for pragmatic variations on a theme – a low-set coffee table with a generously broad circumference, complemented by taller, narrower side and bedside tables. A Dark Wenge Veneer tray is available as a conveniently portable, protective accessory for leather-finished pieces; the collection also includes a second shelf for side and bedside tables.

FIN

An exercise in robust minimalism balanced by fine detailing. Italian timber veneer cylinders of two sizes make for streamlined functionality; slender vertical fins spaced evenly introduce refined visual and textural detail and guide the eye to the surface, where they extend just beyond the rim. The colour palette is one of simple, well-judged contrasts between light and dark – dramatically, where the fins are set against Dark Veneer; and gently, where they span Pale Veneer.

FLARE

The Flare Collection is defined by materiality and geometric forms that allude to seemingly disparate yet ultimately compatible inspirations. Sculptural, each table comprises two octagonal forms – a base column and a flared upper section. A rich play of colour, texture, light and shadow emerges from individual planes to emphasis and contrast, depending on the choice of finish. Buttressed by metal fins, tables finished in Burnished Brass and Dark Wenge Veneer have a tonality and bold surface textures that command attention. Leather finishes and tones offer a softer yet nonetheless striking presence; Straw Marquetry appeals for its deft artistry.

SLIP

The Slip Collection is distinguished by comforting, simple forms rendered with the utmost sophistication. Each table is a solid cylinder of emphatically clean lines, with a pleasing asymmetry and hints of a mysterious, idiosyncratic character effected by the slight diagonal cantilever of the upper section, which partially reveals an underlying bronze disc. Leather finishes, available in earth and autumn tones, grant a soft texture and evince a palpable warmth. With a firmer but equally appealing tactility, the Dark Wenge Veneer edition evokes a sense of sturdiness and resilience. As leather, timber and bronze age, palette and patina respectively will develop nuances that vary appealingly from one piece to another.
