

# SLIP COLLECTION

## TABLES

1/41

### ABOUT SLIP

The Slip Collection is distinguished by comforting, simple forms rendered with the utmost sophistication. Each table is a solid cylinder of emphatically clean lines, with a pleasing asymmetry and hints of a mysterious, idiosyncratic character effected by the slight diagonal cantilever of the upper section, which partially reveals an underlying bronze disc. Leather finishes, available in earth and autumn tones, grant a soft texture and evince a palpable warmth. With a firmer but equally appealing tactility, the Dark Wenge Veneer edition evokes a sense of sturdiness and resilience. As leather, timber and bronze age, palette and patina respectively will develop nuances that vary appealingly from one piece to another.

### FINISHES

Elmo Soft Leather with Bronze Discs  
Veneer with Bronze Discs

### LEAD TIME

8 - 10 weeks
