ABOUT FLARE

The Flare Collection is defined by materiality and geometric forms that allude to seemingly disparate yet ultimately compatible inspirations. Sculptural, each table comprises two octagonal forms – a base column and a flared upper section. A rich play of colour, texture, light and shadow emerges from individual planes to emphasis and contrast, depending on the choice of finish. Buttressed by metal fins, tables finished in Burnished Brass and Dark Wenge Veneer have a tonality and bold surface textures that command attention. Leather finishes and tones offer a softer yet nonetheless striking presence; Straw Marquetry appeals for its deft artistry.
