# ROLO

Taking design cues from the *iconic era* of the 1980's Milanese design movement, Rolo's *bold forms* and *fluid silhouettes* feel both *timely* and *timeless*, emphasizing *exquisite geometry* and *simplistic beauty*.

Introducing Rolo — a new lighting collection from Articolo that unites glamour, modernist form and elegance.

An extended family of twelve, the Rolo Collection comprises wall sconces, pendants and lamps reminiscent of 1980s Milanese design, yet markedly contemporary. The title alludes to a shared sculptural form that casts circular light to a scope and intensity determined by the placement, dimensions and orientation of each design; this common element ensures a pleasing rapport among grouped pieces.

The collection is crafted from mouth-blown glass in a pale Snow finish, with fine metal detailing, available in Brass, Bronze and Satin Nickel, as well as a sophisticated deep burgundy powder coat and matching flex cord.
