ABOUT ARTICOLO

Articolo was established in Melbourne in 2015. Founded by Nicci Kavals, Articolo's objective has always been to design lighting and a complement of sculptural furniture pieces of the finest quality, fusing sophisticated engineering with an elevated design aesthetic. Articolo's products celebrate the artistry of transforming materials into objects of beauty—from the nuance of mouth-blown glass to the forming of precious metals, each object reveals and revels in the unique imprint of the maker's hand; an echo of humanity that cannot be replicated in mass production.

NICCI KAVALS

Nicci Kavals has a design sensibility and talent acquired from a life dedicated to her craft. In the inception of her career as both chef, food stylist and then Melbourne Editor of Vogue Entertaining & Travel magazine, Nicci learnt the art of reduction and visual seduction; tantalising one's sense of sight and taste. This naturally evolved to design objects to elevate and complement the culinary arts before expanding her repertoire with objects of sculptural and poetic beauty to enhance any interior environment.

The tacit knowledge accrued from ten years in lighting has resulted in a light that offers exceptional performance and technical intelligence without sacrificing the meticulously designed decorative fitting for which we are celebrated.

The Cubo collection continues Articolo Studios exploration in contrasts—juxtaposing precision, machined materials with the soulful poeticism of the handcrafted, solidity with transparency. Each light has been honed to reveal a simplicity of form with edits to remove the superfluous. The result is a collection of nine wall sconces and pendants that unite in concentric, geometric form yet offer a diversity of configurations and chromatic, textural light.
