

ARTICOLO

A DECADE OF ARTICOLO STUDIOS

In 2023, Articolo Studios marks a momentous milestone: a decade of Articolo. Founded in Melbourne, Australia by Nicci Kavals, Articolo Studios objective has always been to design objects of the finest quality, fusing sophisticated engineering with an elevated design aesthetic.

Punctuating the studio's growth from decorative interior lighting to furniture and now adjustable performance lighting, Articolo Studios unveils three new collections that embody ten years of maturity and dedication to refinement and artistry.

For more information on the new collections, including finishes, please visit [articolostudios.com](https://www.articolostudios.com)

SWIVEL

A Choreography of Light

The first adjustable task light within Articolo's collection, Swivel is a testament to Articolo's maturation. The tacit knowledge accrued from ten years in lighting has resulted in a light that offers exceptional performance and technical intelligence without sacrificing the meticulously designed decorative fitting for which Articolo is celebrated.

Opposite: Swivel Wall Sconce, Swivel Double Wall Sconce, Saddle Bench

As a pendant, Swivel can be suspended for a singular concentrated task light or when connected in multiple configurations, each unit can be curated to create bespoke light solutions to complement one's life—be it task light over a bench to prepare food with a softer light opposite for those that dine or a customised lighting scene for the activity around a boardroom table.

Opposite: Swivel Triple Pendant

As a wall sconce, Swivel can be orientated to the task at hand. The ovoid diffuser is crafted from the finest quality technical European glass which offers unsurpassed clarity. When installed in the bathroom, the consistent and directional light allows one to apply their makeup or perform their daily grooming rituals, perfectly illuminated, void of shadows. As a modular fitting, the wall sconce can be connected to create a commanding sculptural array and as each fitting is independently adjustable, one can create a bespoke lighting-scape to complement their interior environment.

Opposite: Swivel Wall Sconce, Cuff Stool

Available in a choice of brass or bronze, Swivel can be customised in a choice of five leather inlays or brass or silver Italian mesh.

Swivel is available in small, medium, large and extra-large. As a modular fitting, Swivel can be configured in a diverse number of configurations. The fitting rotates at 15° intervals in a full 360° cycle, allowing one to up-light the ceiling to celestial effect, concentrate light on the task at hand, or highlight artwork or architectural detail of merit.

CUBO

Echoes of Light

The Cubo collection continues Articolo Studios exploration in contrasts—juxtaposing precision, machined materials with the soulful poeticism of the handcrafted, solidity with transparency. Each light has been honed to reveal a simplicity of form with edits to remove the superfluous. The result is a collection of eight wall sconces and pendants that unite in concentric, geometric form yet offer a diversity of configurations and chromatic, textural light.

The unadorned geometry of Cubo feels architectonic and grounded while Cubo Swing offers a lighter, more playful interpretation—creating a sense of movement within the interior environment.

SADDLE

A Refuge for Dreaming

Articolo's latest Furniture Collection, Saddle is honed to reveal a simplicity of form, a timeless modernity that defies trends and endures time; they traverse function to become intrinsically woven with our memory of home.

Aptly named Saddle, cushions clad in a linen composite renowned for its durable properties are suspended in a stain proof leather sling uniting two solid walnut legs. Handcrafted by artisans who share a meticulous devotion to proportion and comfort, each piece is united in detailing reminiscent of saddlery and practices of the earliest Milanese ateliers.
