FURNITURE FINISHES

As with Articolo Studios lighting, there is an atelier-like precision to our furniture range. Each tailored piece encapsulating quality and craftsmanship, where contemporary design and tactility converge to make a statement. We continue to collaborate with a close network of craftsmen and women whose skill and talent we deeply respect. Together we uphold ideas, exploration, creativity and curiosity as a collective, with a unified vision that ensures each finished piece is testament to the many minds and hands that have interpreted founder and creative director Nicci Kavals' unique design language.
