

A modern interior space featuring a large, textured, light-colored wall. Three pendant lights with spherical glass shades hang from the ceiling. In the foreground, two dark, angular, geometric stools are positioned on a wooden floor. To the right, a large, dark, rectangular structure, possibly a partition or wall, is visible, with a cluster of many small, spherical pendant lights hanging from it.

ABOUT ARTICOLO

Articolo was established in Melbourne in 2015. Founded by Nicci Kavals, Articolo's objective has always been to design lighting and a complement of sculptural furniture pieces of the finest quality, fusing sophisticated engineering with an elevated design aesthetic. Articolo's products celebrate the artistry of transforming materials into objects of beauty—from the nuance of mouth-blown glass to the forming of precious metals, each object reveals and revels in the unique imprint of the maker's hand; an echo of humanity that cannot be replicated in mass production.
