LIGHTING COLLECTIONS

ABOUT ARTICOLO

Articolo was established in Melbourne in 2015. Founded by Nicci Kavals, Articolo's objective has always been to design lighting and a complement of sculptural furniture pieces of the finest quality, fusing sophisticated engineering with an elevated design aesthetic. Articolo's products celebrate the artistry of transforming materials into objects of beauty—from the nuance of mouth-blown glass to the forming of precious metals, each object reveals and revels in the unique imprint of the maker's hand; an echo of humanity that cannot be replicated in mass production.

SHOWROOM, MELBOURNE, AUSTRALIA

NICCI KAVALS

NICCI KAVALS

Nicci Kavals has a design sensibility and talent acquired from a life dedicated to her craft. In the inception of her career as both chef, food stylist and then Melbourne Editor of Vogue Entertaining & Travel magazine, Nicci learnt the art of reduction and visual seduction; tantalising one's sense of sight and taste. This naturally evolved to design objects to elevate and complement the culinary arts before expanding her repertoire with objects of sculptural and poetic beauty to enhance any interior environment.

INTERIOR COLLECTION

Articolo Studios lighting collection has been honed to reveal a simplicity of form, with a timeless modernity. The collections traverse function and sculpture to cast a beautiful choreography of light on any interior environment.

Favouring a palette of natural and machined materials of the highest quality, each light is imprinted with the soulful poeticism and unique imprint of the craftperson's hand.

12:40

12:40 is a harmonious fusion of architectural design and lighting innovation. Unique to this collection is the ability to expertly tailor the finish of the 12:40 shade to match the wall finish creating a seamless sculptural element that blurs the line between art and ambient lighting.

With a range of bespoke applied finishes available, as well as travertine, alabaster, cast glass and exquisite Italian timber veneers, the 12:40 sconce is a symbol of refined architectural elegance.

OUTDOOR COLLECTION

Articolo Outdoor collections capture the design intention of our established body work through simplicity of form, materiality and an enduring aesthetic appeal, while being re-engineered to withstand outdoor environments.

The inherently sculptural forms and defining hallmarks of Articolo transcend seamlessly from indoor to outdoor spaces, creating atmospheric enhancement within organic and built exteriors, with subtlety, scale and sublime artisanal craftsmanship.

12:40

12:40 is a harmonious fusion of architectural design and lighting innovation. Unique to this collection is the ability to expertly tailor the finish of the 12:40 shade to match the wall finish creating a seamless sculptural element that blurs the line between art and ambient lighting.

With a range of bespoke applied finishes available, as well as travertine, alabaster, cast glass and exquisite Italian timber veneers, the 12:40 sconce is a symbol of refined architectural elegance.

LIGHTING FINISHES

We collaborate with a close network of craftsmen and women whose skill and talent we deeply respect. Our love for the artisanal nature of materiality in its different forms from the nuances of mouth-blown glass to solid metals, ceramics, stone and leather, is reflected in the human element of generational artisans whose value cannot be replicated through mass production.

Together we uphold ideas, exploration, creativity and curiosity as a collective, with a unified vision that ensures each finished piece is testament to the many minds and hands that have interpreted Nicci's unique design language.

ARTISANALLY ARTICOLO

As our glass shades are hand-crafted by master artisans, colours may vary subtly from website images. You will also see the maker's touch in the small bubbles and striations inherent to the process of creating mouth-blown glass. Similarly, metal finishes, particularly hand-rubbed bronze, may vary in tone from mid to dark bronze.

With these distinctions in mind, please know that we take every care to match glass colours and metal finishes for each order.
